

## Requirements to receive an invitation to join the SAS Junior Beta Club:

The SAS Beta club is an academic and service club available to 7th and 8th graders at St. Alphonsus Catholic School.

To get an invitation to join for 7th grade a student must have all A's and B's in every subject each 9 weeks AND maintain a 3.5 GPA in their 6th grade year. Because 6th grade is a new experience students can have ONE C in the first nine weeks ONLY. If they have a C in any other grading period or if they have more than one C in the first nine weeks they will not be invited to join Beta.

To get an invitation to join for 8th grade a student must have all A's and B's in every subject each 9 weeks AND maintain a 3.5 GPA in their 7th grade year.

## Requirements to remain a member of the SAS Junior Beta Club:

Once students have received an invitation to join Beta and are inducted into the Beta Club and they make a C or allow their GPA to drop below a 3.5 they are placed on academic probation until the following grading period. If a student in Beta receives more than one C in a grading period or fails to bring a C or their GPA up while on probation they will be removed from the Beta Club.

As well as maintaining the above academic requirements, students in Beta are required to perform 20 hours or more in community service/volunteer work each school year.
