A Note from Ms. Morgan

Happy New Year! I hope you all had a great Christmas break and enjoyed the holidays, spending quality time and making memories with your family.

With the start of the second half of the school year, I'm excited to begin guidance classes with our PreK-3 students and continue classes with our other grades. This week in Guidance, students have been building important social and emotional skills! In 1st and 2nd grade, students enjoyed reading "What If Everybody Did That?" and participated in a fun activity focused on making responsible choices. Our 3rd graders worked on self-control by learning to recognize emotional reactions, manage impulses, and practice appropriate responses in different situations. In 4th and 5th grade, students are strengthening their social skills through lessons on perspective-taking and empathy, helping them better understand and respect others' feelings and viewpoints.

It's been a great week back, and I'm excited to see what 2026 brings for our Hornet Family!

Happy, Healthy Hornet Tip

A new year is a great opportunity for a fresh start—for both kids and adults. Encourage your child to set small, realistic goals they can work toward, such as practicing kindness, improving organization, or trying something new. Remind them that goals don't have to be perfect; effort and progress matter most. Checking in regularly, celebrating small wins, and modeling a positive mindset can help your child start the year feeling confident and supported.
